Local and General

The Directors at a meeting held in the Fire Hall, on Wednesday afternoon, decided to go ahead and hold a Race Meet about the middle of July, providing the people of the district would give sufficient financial aid to insure the success of the effort. It is now up to you as an individual, to give what you can to assist. Capt. Robinson, E. H. Morrow and S. Willis are the Committee in charge of this branch of the work and will endeavour to call upon you personally.

We understand that the prize money won at the Fair will be ready for distribution by Wednesday, the 2nd of July.

Rev. J. P. Berry who was called east by the serious illness of his father returned home on Wednesday. We are pleased to learn that his father was somewhat improved in health before his return.

If you require to renew your old Loan or take out a new one call and see me, as I can save you money. I represent the N. of Scotland Can. Mortgage Co., The Canada Life, and others. CHAS. HULTGREEN.

Mr. A. Knox very ably filled the pulpit at the Sunday evening service.

Our Fair Day was marred by heavy rains, and in consequence the management is up against it financially as there was practically no receipts on that day. However if they are fortunate enough to get a good turn out on the day of the Race Meet which will likely be set for Monday the 14th, of July there is no reason why they should not be able to tide over the year. Do your little part to assist in any way you can as this society is deserving of your support.

We regret to chronicle the departure of Mr. Chas. Weber and family from our midst. Charlie has resigned from the position as manager of the Atlas Lumber Co., and is leaving shortly for his old home.

Mr. G. P. Blanchard arrived here a few days ago from Brooks, he takes over the position as manager of the Atlas Lumber Co. We wish him good luck.

CROSSFIELD AND DISTRICT AGRICULTURAL SOCIETY.

THE DAY OF THE YEAR SPOILED BY RAIN.

Old Sol showed a very watery appearance in the early hours of the morning of Friday last, and about the time when the people should have been thinking of pulling out to get to town for the afternoon the sky became overcast with leaden clouds and shortly after a continuous downpour of rain commenced. This kept on without a break till about half-past two. Thus there were hundreds who had been looking forward to a day's enjoyment were disappointed.

Nevertheless, those who had arrived or got well on their way before the rain started made the best of things and went in for a good time.

There was a very good turnout of horses of the different classes, notwithstanding the fact that there were several carloads which were never unloaded.

A fair display of cattle would also have been greatly augmented if all that had arrived had been unloaded.

The ladies had got together a fine display of home products and fancy work.

The school children also had a very good show.

As might have been expected the different exhibits suffered materially through becoming partly soaked by rain.

The Ladies' Aid did nobly in the way they stuck to the task of supplying the needs of the inner man and woman too, out of the store of good things they had provided.

There was no attempt made to have the races and other sports, which will take place at a later date and will be duly announced.

The Calgary Pipe Band arrived by the morning train but they never got as far as the field, but were the source of much pleasure and fun. They went through a very lengthy programme in front of the Alberta Hotel. The Scots especially were in their element, and kept up a continuous cry out for their favorite airs, which in most cases were complied with.

Tree Planting on the Prairies.

What one Teacher Accomplished. A Centre for Neighbourhood Improvement.

A certain teacher in a rural district in Saskatchewan, having prepared the ground last summer, has planted nine hundred young trees at his school this spring. The varieties include Manitoba maple, green ash, golden willow, Russian poplar and caragana. In addition to this he has a flourishing school garden. As a result of his work, the people of the district—mostly Germans—are applying to the Indian Head nurseries for over 50,000 trees for the spring of 1915.

The importance of tree planting on the wind-swept prairies of the Canadian North-West is obvious to anyone who will give the matter a moment's reflection. Yet why is not more of it done? We often hear it said that the farmers have not the time. But in any district where an enthusiast begins the good work, others follow; the essential thing is to stimulate interest by a concrete illustration of what can be accomplished.

If every householder in the West would emulate this young man's example a change would be wrought in the appearance of the Canadian prairies and the general comfort of western life that, in a very few years, would amount to nothing short of a revolution. Some day the casual traveller between Winnipeg and Calgary will no longer turn wearily from the car window and sigh for a change of scenery, but will write to his friends of the charm of peaceful homes, each snugly sheltered by its grove of trees and surrounded by its garden of bright flowers. This is no mere idyllic picture; it is within the scope of art to make the prairies as attractive as any country side that inspired the songs of Tennyson or of Burns.

Calgary Exhibition Ready for Opening.

Preparations for the Calgary Exhibition are practically completed according to reports brought back by some of our citizens who have visited that city. There has been a very large increase in the number of entries in all departments and in the aggregate the average increase will be about 50 per cent. During the present week the exhibits have been pouring into the grounds, and by the opening day, June 30th, everything will be in readiness.

From all that can be learned the special attractions for this year are above the average, and in addition are quite a departure from anything that has been presented before.

Single fare rates are offered by the railways and in addition there will be four special trains from north and south on July 1st and 4th. The local railway agents report quite a large inquiry regarding tickets from intending visitors and it looks as though there would be a large local contingent visit Calgary during the first week in July, as the Exhibition lasts the whole six days.
